ABOUT JEET KUNE-DO

Anx:- A

The Jeet Kune Do emblem is a registered trademark held by the Bruce Lee Estate. The Chinese characters around the Taijitu symbol read: "Using no way as way" and "Having no limitation as limitation" The arrows represent the endless interaction between yang and yin. Main article: Jeet Kune Do

Jeet Kune Do originated in 1967. After filming one season of The Green Hornet, Lee found himself out of work and opened The Jun Fan Gung Fu Institute. The controversial match with Wong Jack Man influenced Lee's philosophy about martial arts. Lee concluded that the fight had lasted too long and that he had failed to live up to his potential using his Wing Chun techniques. He took the view that traditional martial arts techniques were too rigid and formalistic to be practical in scenarios of chaotic street fighting. Lee decided to develop a system with an emphasis on "practicality, flexibility, speed, and efficiency". He started to use different methods of training such as weight training for strength, running for endurance, stretching for flexibility, and many others which he constantly adapted, including fencing and basic boxing techniques.

Lee emphasised what he called 'the style of no style'. This consisted of getting rid of the formalised approach which Lee claimed was indicative of traditional styles. Lee felt that even the system he now called Jun Fan Gung Fu was too restrictive, and it eventually evolved into a philosophy and martial art he would come to call Jeet Kune Do or the Way of the Intercepting Fist. It is a term he would later regret, because Jeet Kune Do implied specific parameters that styles connote, whereas the idea of his martial art was to exist outside of parameters and limitations.

MESSAGE

ALL INDIA JEET KUNE-DO FEDERATION

Dear Members,

I am extremely Gratified to congratulate the Hon'ble Members of all India Jeet Kune Do Federation on the occasion of the release of the Annual Souvenir on 2025.

association with the federation has been a long one. Surprisingly this art of importance has not gained its momentum among the Indians where the subject of self security is at stake and the men and women of the world do live in constant fear. I am only hopeful of wider circulation of the souvenir on release and I agog the maximum benefit out of the same to the younger generation. At the close of century and at the outset of next millennium the confidence of the men & women be enlightened - through the practice of the art Jeet Kune - Do.

I conclude wishing the members the very best for their endeavor in future.
